

Capture memories in high-quality HD video

Kodak

SDHC Video Memory Card

Industry leaders Lexar and Kodak have joined forces to deliver a comprehensive selection of memory cards in various formats, speeds, and capacities. These cards deliver the brand quality that Kodak customers have come to expect, teamed with the advanced performance of Lexar® memory card technology.

Lexar has extended the KODAK® line even further with the KODAK SDHC Video Memory Card, a high-performance, high-capacity card designed for capturing beautiful, high-quality HD video with your KODAK Pocket Video Camera or other SDHC-compatible digital camcorder or point-and-shoot camera.* The card is available in 4GB, 8GB, and 16GB capacities.

Capture Precious Memories in High-Quality HD Video

Maximize Your Video-Taking Experience. The KODAK SDHC Video Memory Card lets you fully leverage the storage capabilities of your SDHC-compatible digital camcorder or point-and-shoot digital camera. Available in large capacity options that allow you to record up to 6 hours of full-HD video (16GB), the card gives you the ability to reliably capture and store more of the moments that matter—and the freedom to do it all on a single card.

Quickly Transfer and Share Videos with Ease. Not only does the KODAK SDHC Video Memory Card reliably capture your favorite moments with family and friends, but it also provides high-speed transfer of your video files from your card to computer for backup or sharing through the KODAK Gallery or on sites like YouTube. And quick transfer means you spend less time in front of the computer so you can get back to capturing more memories.

The Best of Both Worlds. Enjoy the combined benefits that KODAK brand quality and Lexar technology deliver. And you can keep it Kodak by adding the KODAK SDHC Video Memory Card to your existing line-up of other trusted KODAK products, while enjoying the advanced, innovative memory card technology provided by Lexar. Whether you're capturing the fast-action excitement of the kids' sporting events or preserving special moments with family and friends, the KODAK SDHC Video Memory Card is a smart, high-performance solution for capturing and storing your most treasured memories.
